AN ARTISTIC SEMI-PORCELAIN

NOVELTY OVAL MINIATURE

This is an entirely new work of art, and must not be classed with the ordinary medallions or photo-buttons which are now so common.

We can reproduce your photo in our artistic plain finish or in the beautiful French water color, and you will be delighted with the result.

This latest and most artistic work has created a veritable sensation in the art world. Its perfect imitation of the original French porcelain miniature, which cost \$50.00 or more each, withstands the scrutiny of the most perfect art critic. The above illustration cannot give you any idea of the real beauty and attractiveness of the picture. Being indelibly reproduced on semi-porcelain surface, it can be cleaned with water or any other substance, always retaining its original color.

The picture is framed in a handsome burnished and gold lacquered frame, empire style, with easel back to stand on mantel, table, or to be hung on the wall.

We can reproduce any photograph in this style, always returning the original in as perfect a condition as received by us. If you desire the picture in French water color, please mention the color of eyes, hair, dress, etc.

To Our Many Friends and Customers:

In handing to you our Catalogue of Specialties for the Holiday Season, we do so with the assurance of presenting a full and complete assortment of the latest and most desirable styles and qualities in watches, rings and jewelry of all descriptions, together with many varieties and staple lines of highest grades of silverware, made by noted specialists in each line; also musical goods, graphophones, pianos and organs, and many other items of intrinsic merit, the value of which can be much better judged by a careful perusal of the following pages.

Every individual article listed in this catalogue is selected with the utmost care, and truthfully represented from the exact description as given to us by the manufacturer, and we warrant every description to be just as represented and stake our reputation on our merchandise by cheerfully refunding money on any article which does not prove exactly as represented.

In ordering articles which have size, always be particular to give us all necessary instructions regarding same. In ordering rings, be sure to give the exact size, by enclosing a stiff strip of paper like this, which will just meet around the finger.

In ordering articles of jewelry, where engraving is desired, kindly make selection from the illustrated plate, giving number as marked for any style of engraving wanted. Where engraving is ordered, it will require a delay of two or three days in filling order, and articles to be engraved for Christmas presents must be ordered at least ten days before that date, as at that, the busiest season of the year, it will be impossible to do the work properly in any shorter time. In sending us names or initials to be engraved, please print them, that there may be no mistake in having the work done.

We ask your patronage because we want it and because we are willing to make every reasonable effort to serve our customers in a most careful and conscientious manner. No matter how large or small the order, it will receive the same prompt and careful attention. We are advertised by our customers, and that our efforts are appreciated is shown by the enormous increase in our ever growing list of satisfied customers. No matter what line of merchandise you may be interested in, we shall be pleased at any time to furnish you special samples, quotations or illustrations, quoting the lowest possible market price on the day upon which the request is received.

Order your holiday goods early if you desire to receive them in time, as on account of the enormous rush at this season, it is impossible to fill orders with our accustomed promptness; likewise the express companies and postoffice departments are so crowded with packages that many delays are occasioned. Further, be sure to order early and avoid disappointment. All packages of value should be sent by express or registered mail.

Merchandise can be sent by mail unsealed for 1 cent per oz.; sealed for 2 cents per oz.; by registered mail, unsealed, at 1 cent per oz. and 8 cents extra for registering; by registered mail, sealed, 2 cents per oz. and 8 cents for registering.

All shipments sent by open mail and not registered are at customer's risk, as our responsibility ceases when we deliver to the postoffice. We do not advise shipments by open mail. Registered mail is safer and surer for all valuable packages. All articles like silverware, clocks, cut glass, graphophones, musical instruments, etc., cannot be sent by mail on account of weight, 4 lbs. being the limit of any single package.

In ordering, please state explicitly how goods are to be shipped, as such information will save much delay by writing for further information regarding it.

Trusting we may be favored with your valued orders, and promising the same our most prompt and careful attention, we beg to remain,

Yours very truly,

AMERICAN CONSUMERS' ALLIANCE PIANO AND ORGAN DEPARTMENT

OUR CELEBRATED

PIPE-TONED ALLIANCE

ORGANS AND

CELEBRATED ALLIANCE PIANOS

We desire to call your attention to our revised illustrations showing the different styles of cases, with such descriptive matter as to convey an idea of the capacity of each instrument. The designs are entirely original, and the actions are fully up to the high standard which have given our instruments a world-wide acceptance and indorsement, and contain many valuable improvements which are secured and protected by patents.

We desire to allude briefly to our exceptional facilities for the manufacture of the better grade of instruments, and especially to the incomparable economic advantages of geographic position, the location of Chicago being central alike to all the manufacturing resources, and to the great main territory of commerce, thus enabling us to economize both in production and distribution, by saving the enormous two fold item of freights on raw material east, and on the manufactured instruments west.

It is not our intention to show a great variety of styles, but to confine ourselves to a limited assortment of the most popular, finest constructed and best selling instruments, thereby reducing the cost of same and giving our customers the benefit.

To prove to the user our confidence in the durability and workmanship of these organs and pianos, we have decided that instead of the usual five-year guarantee given by other manufacturers, to warrant our goods ten years, and with ordinary care they will last a lifetime.

As to construction, style, tone, finish, volume, ease of action and touch, we acknowledge no superior. The material used throughout is the very best that can be obtained. We employ only the most skillful artisans, who have spent their lives in the manufacture of musical instruments. We might write pages expatiating on the superiority and fast selling qualities of these goods, but we prefer to let them "speak for themselves."

PIPE-TONED ACTION

TWO-TONED

Keep or Pipe-Tone as you prefer. In the future, all our ORGANS will be FITTED UP with this SPECIAL ACTION.

For years reed organ manufacturers have been experimenting, trying to build an action that would give a pure pipe-tone from the ordinary reed.

Over half a million dollars have been expended in this direction in experimental work. Some few manufacturers have claimed to have gotten the desired results and were going to revolutionize the organ business, but have succeeded only in getting about $2\frac{1}{2}$ to 3 octaves in the center of the key-board to give pipe-tone effect, and in the end they failed to get the desired results and passed into oblivion to be forgotten.

Recognizing that there is a growing demand for something new, with merit and good, substantial selling points and feeling that the demand was more for fine quality of tone than for cheap trash, we determined, some months ago, to produce such an organ, if the inventive talent at our command could devise means and ways to accomplish it and not sacrifice quality.

After months of experimenting and a vast outlay of money, we have, at last, succeeded in accomplishing something no other reed organ manufacturer ever did. We get pure pipe-tone quality throughout the entire scale and length of key-board.

We get a pure pipe-tone from our regular reed action by a peculiar construction of reed cells.

Not being satisfied with our own judgment as to the superior quality of this action, we invited practical organ manufacturers, pipe-organ players, and practical musicians to see and hear this wonderful pipe-tone instrument, and they all indorse what we say, that it does produce the pipe-tone effect and sounds like a small pipe organ.

The action is differently constructed from any other in the market, and we get results that up to date no other reed organ manufacturer has obtained.

\$135.⁰⁰ Our Alliance Parlor Grand Piano **\$135.⁰⁰**

Our Alliance Parlor Grand Piano. Elegant tone, handsome finish and popular price; three points for you to ponder over.

We offer you a **strictly high-grade piano** at a moderate price. We save you the agent's profit. Every instrument guaranteed to be correct in tone and finish, and exactly as represented. The maximum in quality and the minimum in price is what you find this instrument to be. **\$135.00**, or about the same price your local dealer would ask you for a parlor organ. We back this piano with years of experience.

Our Alliance piano is the wonder of all competitors. For style, action, tone and finish it cannot be surpassed. Tone, combined with an elastic touch and easy action are the essential features that make a piano satisfactory. Our Alliance Parlor Grand has these features and a hundred others that our limited space will not permit us to mention. The style and finish of this instrument is the same as instruments offered by regular music houses at \$500.00 and \$600.00. Our music department is in charge of people who have had years of experience, and the Alliance Parlor Grand is the result of years of costly experimenting.

The Alliance Parlor Grand has seven and one-third octaves; ivory keys; handsomely designed case; hand carved; beautiful scroll work and case is made of the very best seasoned wood with small panels, thus insuring freedom from cracks and warping.

DESCRIPTION

Height, 4 feet 7 inches; width, 5 feet 1 inch; depth, 2 feet 3 inches; weight, boxed, about 800 pounds.

Cannot be duplicated in size, style and appearance for the money by any other manufactured. For style, appearance and superior quality it stands unrivaled.

KEYS SOLID IVORY

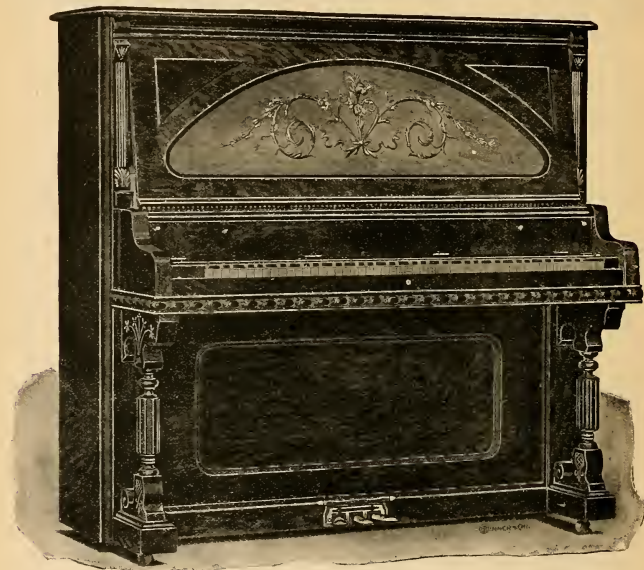

The case of this piano is made from best air and kiln-dried quarter sawed oak, and can be finished in either the flemish or golden oak, as desired, or we stain and finish in mahogany or walnut, and give you a finish that cannot be told from veneer stock. Seven and one-third octaves. Simple, though graceful in design; raised panels, the latest truss construction; double sides, for strength and durability; hardwood back in light finish, massive and strong. Boston fall with continuous hinge, nickel plated and automatic full swing music front, all highly finished and hand polished. Nickel plated action rail and brackets; metal frame, handsomely embellished, fitted with our new third pedal.

A REGULAR \$350.00 PIANO FOR ONLY \$195.00

**IF WE CANNOT SATISFY YOU, WE WILL REFUND YOUR MONEY, THEREFORE, YOU RUN NO RISK
IN BUYING FROM US.**

Remember that at \$195.00 we are offering a piano for which dealers actually ask from \$350.00 to \$500.00.

This piano is made up throughout in the most artistic manner, the case being double veneered throughout in the finest veneers, and finished in either oak, quarter sawed, mahogany, fancy veneer, American figured walnuts or burled walnut. The panels in the continuous music desk are handsomely ornamented with raised hand carvings, the pillars and mouldings being of solid wood. The Boston rolling fall board has continuous nicked hinges, the keys are ivory and the sharps are made of solid ebony.

The tone is exceptionally sweet and full, being obtained only through the very best of material and the finest of workmanship. This piano in every respect will compare most favorably with many of the finest pianos made and for which enormous prices are paid, but which give no better satisfaction.

The scale is $7\frac{1}{4}$ octaves, full size, overstrung basses and three strings to each note, except basses which are single and wound. In order to greatly advance the sale of this elegant piano, we offer as a special inducement, an elegant piano scarf, handsome stool and an instruction book. Remember our binding 10-year guarantee.

PERFECT SATISFACTION GUARANTEED OR MONEY REFUNDED.

NEW DESIGN, No. 1

Oak or Walnut.

Description—new style.

Case—This is an entirely new and handsome design of case, made of solid oak or walnut. We have taken special pains in getting up this case to provide something that will be an ornament to the home, and still be medium in price and meet all the requirements of those who cannot afford the more expensive styles. All our cases are finished in oil, hand rubbed, which makes them the most durable of anything on the market at the present time. In the top of case we place a large French plate mirror in the center. This makes a very fine combination, and we believe it to be the most handsome case in the market for the money.

We place B action in this case

Size and Weight—When open for use, the organ is 75 inches high, 43 inches long, and 23 inches deep. The net weight is 200 pounds. Gross weight (boxed) 330 pounds. When boxed for export, the case measures 34x44x48 inches, and contains 43 cubic feet. Every organ warranted for 10 years.

ORGAN CASES

We are always studying the demands of the trade, and here present our newest and latest designs.

All our cases are fitted with nickel pedal frames, with best of Brussels carpet, fancy celluloid faced stop knobs; genuine rubber cloth for bellows, and three-ply, built up bellows stock that cannot warp or split; best quality of leather or felt always used. Our organs are furnished with casters and extension lamp shelf. Contain all the latest improvements, and have every device that will improve the musical qualities and durabilities of an organ. As to style, tone, finish, volume, ease of action and touch, we acknowledge no "superiors." We could write pages as to the good qualities of these organs, but prefer to let them "speak" for themselves. We want your trade. We keep no travelers on the road to exhibit this new action, but shall rely on its merits to convince you we have something new and worthy of your most respectful attention. Our goods are sold on a manufacturer's profit only. We are progressive, and are always on the alert for something new that will benefit and interest our customers. Remember, we name lower prices than other manufacturers for same quality. Every organ warranted for 10 years. Unsurpassed for quality of tone, beauty, design, durability and moderate cost.

STYLE No. 3.

OAK OR WALNUT.

Case.—This is also a new design of case and one of our most substantial construction, being securely framed, paneled, doweled, glued and screwed together. It has extension lamp stands, music pocket, sliding lid, handsome moulding and artistic carvings. Top is of chaste canopy design with beveled edged mirror 14x16 inches, closed music pocket, substantial turnings and casters.

Action.—We place B action in this organ.

Size and Weight.—When set up for use the organ is 79 inches high, 44 inches long and 23 inches deep. Net weight, 250 pounds. Gross weight (boxed), 375 pounds. When packed for export the case measures 34x54x49 inches and contains 62 cu. feet.

The Action Patent Pipe-Toned. In the future all our organs will be fitted with our celebrated pipe-toned actions.

We build something entirely different from any other manufacturer. We get a pure, sweet pipe-tone by the peculiar construction of our reed cell and the formation of our reeds, or by a different combination you get the regular reed organ effect: Action, two-toned; pipe organ or reed effect, as you may prefer.

SOLID WALNUT OR SELECTED WHITE OAK.

Case.—The above organ, style No. 4, is especially adapted for those who want the best, and one that is in keeping with the furnishings of the modern home. "It is in every way a masterpiece," on an entirely new design, elaborately trimmed and beautifully finished. Its exterior is rich in ornament, effectively striking in elegance and beauty, and is graceful in proportion throughout its entire construction. It is securely framed, doweled, screwed and glued together, with swell front lamp stands, closed front music pocket, bric-a-brac shelves, a pair of fancy velvet imported curtains draped back with silk cord and tassels, elaborate turnings and trimmings and hand carvings. Finest coach varnish and hand rubbed.

Action.—We place action B in this case. Light, elastic and instantly responsive to the touch; ample bellows capacity, and as durable as an organ can be made.

Size and Weight.—When set up for use this organ, in five octaves, measures 84 inches high, 49 inches long and 23 inches deep. Net weight 275 pounds, gross weight (boxed) 400 pounds. In six octaves this organ is 55 inches long and weighs 325 pounds net; 450 pounds gross (boxed). When boxed for export the five octave occupies 52 cu. ft. of space, and the six octave 58 cu. ft.

ALLIANCE NEW DESIGN, No. 8, CHAPEL

Made in Oak and Walnut. 5 Octave (Pipe Tone) Action.

The "Alliance" Chapel Organ, Style No. 8, is particularly adapted for the church, home, Sunday schools or lodge rooms, or those desiring a low organ in place of one with a high ornamental top. It has a chaste and attractive appearance, and its beauty and simplicity will recommend it at a glance. It has been acknowledged to be the most practical organ of its kind made. We fit this organ with the same action as is used in our parlor styles. It is honestly constructed of selected materials, and will last a great many years.

The case is original and elegant in design, and will correspond and be in keeping with the architecture and furniture of many churches, halls and lodge rooms. It is constructed of solid oak or walnut, band rubbed in oil, has finished back, and is of a suitable height to allow the back to be placed to the audience, so that the performer can see and be seen by those in attendance. The case throughout is nicely finished. The lower front panel can be easily removed to repair any part, if so desired. The brackets are massive, carved consoles, and with full length music rack. Adjustable swing key slip, with our new style of extension lamp shelf with fancy ornaments. Nickel-plated pedal frames, with the best of Brussels carpets, and on each side of the case are handsome turned handles, with casters underneath to move the organ about with ease.

The tone, which is the most important part of the instrument, is full, sweet, round and harmonious, combined with great power, and by the use of the stops in this combination grand effects are at your command. Sufficient volume for hall seating 200.

Action.—We place action B in this organ. The organ is easy to tread, light, elastic and instantly responsive to the touch, and has ample bellows capacity. The heavier actions give this organ great power and carrying quality. Actions as durable as an organ can be made.

Size and Weight.—Chapel Eight is 52 inches high, 46 inches long, and 23 inches deep. Net weight, 156 pounds. Gross weight (boxed), 350 pounds. When packed for export, this organ occupies 41 cubic feet.

Musical and Stand Albums—All the Latest Novelties

THE LEADER ALBUM

A most attractive feature of these albums is a music box, which plays all the popular airs, such as Star Spangled Banner, Liberty Bell March, etc., the tones of which are as sweet and perfect as those of the best music boxes ever constructed. It is needless to say that this line of albums is superior to any others in selling qualities.

This is a decided novelty in photograph albums, combining elegance and utility. The structure is entirely new, having a high ornamental easel shape rest, which forms a frame for a large dressing mirror encased therein; also has a storage compartment in back of stand, combined with a regular flat album with gold edges, which has openings for 28 cabinets and 8 card photographs. Bound in superior quality of silk plush, green, red or blue. Heavy gilt ornaments and fine extension clasp and beveled plate mirrors. Each book is fitted with carrying handle and hanger.

LIBERTY BELL ALBUM

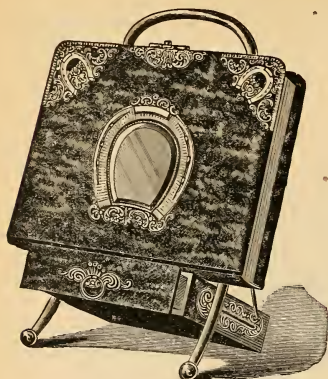

The old Liberty Bell in Independence Hall is our Nation's grandest and most sacredly cherished relic. It rang out the thrilling tones of Liberty when the Republic was born. Everybody is anxious to obtain some picture or other memento of the grand old Liberty Bell. A choice metal design of the Bell, surrounding a German plate beveled mirror, beautifies the cover of this Album and smaller designs decorate the upper corners. The attractiveness of this cover is evident at a glance and all who purchase it are proud to have this patriotic emblem in their homes.

Bound in mottled silk plush, gilt ox-yoke easel, handsome gilt ornaments, imitation mahogany interior, with openings for 75 pictures and drawer in base for 50 extra portraits.

GOOD LUCK ALBUM

The centre piece of this beautiful album is a horseshoe, which has long been associated with good luck. The metal ornaments are polished and bright, and the designs are exceedingly pretty and admired by all who see them. A beveled German plate mirror is placed inside the horseshoe, the whole forming a charming ornament, and the upper corners of the cover are also ornamented with horseshoes of smaller design. The moment the eye rests upon this very tasteful album cover, its attractive features are recognized. It lacks nothing to render it a popular favorite and a delight to all who purchase it.

Bound in mottled silk plush, imitation mahogany interior, with openings for 75 pictures, and a drawer in base for 50 extra portraits.

AUTOHARPS

9193

The Autoharp has become one of the most popular of small instruments. This popularity is well deserved. Thousands are in use and the sale keeps on increasing at a wonderful rate. Reasons without number exist for the universal demand for these high class instruments. Simplicity—There are no complicated parts, no mechanism that requires the skilled hand to operate. Anyone—whether he has musical ability or not, can play it with very little practice, and play it well. Musical quality—Thousands testify to its sweetness of tone, which equals that of the highest grade piano. The most difficult productions may be played on it, while as an accompaniment for the voice it has no superior.

NATURAL BLACK OR GRAY DOG COATS

This coat we can fully recommend to give the wearer every possible satisfaction, as it is one of the most durable and serviceable coats placed on the market. The dog skins are imported from China and Russia, and are well tanned and deodorized. All are very heavily furred and are free from small patches, large skins only being used in manufacturing same. Made with plain collar and cuffs.

- 26075** Men's good quality gray dog coat, quilted Italian lined. Price, **\$16.50**

GALLOWAY AND POLLED ANGUS CALF COATS

The fur resembles the Russian buffalo; in fact, they are exactly the same class of fur. The hides are tanned in the same way as the Russian buffalo hides, making the skin perfectly soft, pliable, elastic and strong. There is no acid of any kind used in dressing the skins, and they will not become hard nor stiff. The coat is strongly and perfectly made. They are free from any disagreeable odor, run very black in color and are evenly furred.

- 26091** All good quality, very black color, quilted lining, plain collar and sleeves. Price..... **27.50**
26093 Black Galloway, better grade, quilted lining; trimmed with nutria collar. Price..... **31.25**

SONGS THAT NEVER DIE.

Arrangements have been made to supply the constant demand for the "Songs of Long Ago," the old favorites which have been displaced for a time by the short-lived but temporary more popular new airs which are on every one's lips while they last.

These old familiar songs are favorites because they appeal to the heart and have in them those qualities which make them live forever.

If you would have your Talking Machine "Sing Again the Old Songs," order from the following list:

- 4615 Darling Nellie Gray.
4616 In the Morning by the Bright Light.

- 4617 The Little Brown Jug.
4619 Sweet Evelina.
4620 There's a Light in the Window.

BICYCLES

In presenting our **1900 Alliance** model, we offer all the best qualities of a perfect machine without any of the defects so common in machines offered at a medium price. The wheel is the equal of any wheel now upon the market selling at from \$30.00 upward, according to the willingness of the purchaser to pay a fancy price for a name plate. On account of the high mechanical skill and the extreme care exercised in their construction (every wheel receiving the most critical inspection before it leaves the factory), we can assure our customers a degree of satisfaction not to be obtained in any other wheel. Read the following description and be convinced that our wheel is all that we claim for it. The best wheel in the market at a moderate price.

Sporting Goods Department

A complete line in all branches.—Guns, revolvers, ammunition, reloading tools, hunters' clothing, baseball and football goods, boxing gloves, striking bags, etc., etc.

We can save you money and are at all times prepared to fill your orders promptly from our large stock of strictly new and up-to-date goods. All our guns and other goods are guaranteed to be exactly as represented, and if found otherwise, you can return same to us and your money will be refunded. We will send any gun or rifle C. O. D. subject to examination, provided \$5.00 on orders amounting to \$30.00 or under, or \$10.00 for over that amount accompanies your order. We, however, advise that you send full cash with order and also save extra express charges; then you have a better chance to examine and test the gun. Any gun may be returned at any time within five days after received, provided it has not been misused. You must not expect us to take back any gun that is dirty, rusty or having the finish worn off.

We will be pleased at any and all times to quote special price on any gun not listed in our catalogue.

NOTICE—Owing to the frequent market changes in the prices on guns, revolvers, ammunition, etc., our prices are subject to change without notice, but we will, however, fill all orders as far as possible at our present catalogue prices.

THE NEW WINCHESTER SINGLE BARREL REPEATING SHOT GUN

Model 1897. Shell ejects at side.

The gun is operated by a sliding fore-arm below the barrel. When the hammer is down, the backward and forward motion of this slide unlocks and opens the breech-lock, ejects the cartridge or fired shell and replaces it with a fresh cartridge. The construction of the arm is such that the hammer cannot fall, or the firing-pin strike the cartridge until the breech-lock is in place and locked fast. While the hammer stands at the full cock the gun is locked against opening. In this position the firing-pin must be pushed forward to open the gun. When the hammer stands at half-cock, the gun is locked against opening and pulling the trigger.

To load the magazine—Turn the gun with the guard upward. Lay the cartridge on the underside of the carrier and push it into the magazine. Made in 12 gauge only. No other gauge can be furnished.

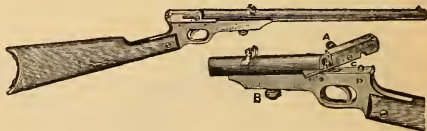

11261 Rolled steel barrels, plain walnut pistol grip stock. Length of stock 13¼ inch, drop of stock 2½ inch, 7½ lb. weight, 6 shot. 12 gauge, 2½-inch or 2¾-inch shell only, 30 or 32-inch barrels. Price each.....17.82

Model 1897 "Brush guns," 20-inch, blued steel barrels, about 7 lb. Price each.....19.24

All guns choke bored for best possible shooting unless otherwise ordered. This gun has few parts and not liable to get out of order.

THE H. M. QUACKENBUSH SAFETY CARTRIDGE RIFLE—Accurate and Reliable

11263 It has a rifle steel barrel, automatic cartridge extractor and adjustable rear sight, stock is of black walnut, handsomely finished and so fastened to the barrel that the two may be easily and quickly separated, making the arm handy to carry in a trunk, valise or package. The barrel and parts are well and durably nickelled, except the breech block, which is case hardened in colors. Whole length 33 inches, 18-inch barrel, weight about 4½ lb., 22 caliber for regular rim fire, "BB" or long and short cartridges. Plain open sights, as shown in cut, 18-inch barrel. Price each.....4.40

High Grade Reception Lamps

The lamps illustrated upon this page are of the very highest grade and combine the latest artistic effects with the best quality obtainable. Each lamp is a gem and of the very latest style.

1894

1894 Reception lamp, one of the most beautiful and strikingly original lamps produced this season. The legs are made of black wrought iron, which support a vase finished in rich ruby enamel, which holds the oil reservoir, which is removable and furnished with the B. & N. center draught burner, guaranteed to give a 75-candle power light. The globe that completes the lamp is 9 inches in diameter and is decorated with rich floral decorations on a dark background, to harmonize with base of lamp. If you want something that is tony, artistic and useful, this is the lamp that will fill the bill. Price complete \$6.35

1896 Reception lamp. Low, squatly shape, the very latest thing. 22 inches high to top of chimney, 10-inch globe; handsome metal vase and crown; gold-plated No. 2 "Royal" center draught 75-candle power burner; elegant hand painted poppy decoration on either blue, yellow or red background. This is one of the very best values in this style of lamp ever offered. Price complete 5.48

1898 Tall reception lamp. This is the showiest lamp ever sold for the money. The vase and globe are decorated, to match with rich red and yellow roses, on either a red shading to brown, or green shading to yellow background; either one of these color combinations is perfect and handsome. When ordering, state which color you prefer. Lamp is 30 inches high; globe 10 inches in diameter. Metal base and crown are gold plated. Fitted with the celebrated "Royal" 75-candle power center draught burner, removable oil pot. This lamp is built with an eye to beauty and utility and is the greatest bargain ever offered at the price. Price complete 5.75

it will pay you to examine our prices before buying.

1900

1900 Reception lamp; low, squatly shape. The very latest style lamp, is 21 inches high, trimmed with a 10-inch globe, rich metal base, genuine hand-painted floral decoration; poppies in natural colors on richly tinted background of brown and green. No. 2 "Royal" removable oil pot, 75-candle power burner. If you want the latest style at a low price, this is just the thing. Price complete 4.98

1902 Reception lamp. In this lamp we have a compromise between the tall lamps and the squatly shapes. 24 inches high, 10-inch globe, richly gilded metal base and crown. The genuine "Royal" center draught burner is used in this lamp and is guaranteed to give light equal to 75 candle power. The decoration used on this lamp is entirely new and original, on a tinted background, shading from light green to pink and finally merging into a delicate shade of yellow; a beautiful bunch of violets are grouped, surrounded by green leaves and branches. This lamp will be an ornament to any parlor, no matter how fine. Price complete 7.00

SUGGESTIONS

Regarding the way to order goods in an intelligent manner. To save yourself and us the delay and expense of unnecessary correspondence and enable you to receive all possible profit as a result of trading with us.

In the first place, as regards our responsibility, we will state that if you have already dealt with us you will need no introduction or recommendation as to the quality of our goods or the integrity of our business methods; but, should you be a stranger to us, and wish to know more regarding us before you favor us with your patronage, we would refer you, by special permission, to the old-established banking house of Messrs. Henry L. Turner & Co., Title and Trust Building, Chicago; also Messrs. E. V. Roddin & Co., of Chicago, an old-established manufacturing jewelry house, or to any bank or express company in Chicago. In writing to any of these references, kindly enclose a 2-cent stamp for reply.

Our terms are cash in full with the order, or we will ship goods C. O. D. when a deposit of one-fourth the amount of the order is made. You run no risk whatever in sending the full amount with order or a deposit on C. O. D. shipments, as should the goods not prove exactly as represented, we will cheerfully refund the amount sent to us. Should you prefer, you can send your money to any Express Company in Chicago, with instructions to them not to pay over the money to us until they have received your merchandise.

All goods sent by open mail are at the customer's risk, as we cannot be responsible for such shipments after we have delivered same safely at the Post Office.

It is advisable to register all packages sent by mail, and this requires 8 cents extra for each package so registered. All single packages weighing 4 pounds or less can be shipped by mail, at the rate of 1 cent per ounce. No liquids can be sent by mail. It is much safer and more satisfactory to ship by Express wherever it is practicable. Large packages weighing 20 pounds or more, can usually be shipped very cheaply by freight, and such shipments are always advised, if you have a freight agent at your station.

We do not prepay freight charges or other transportation in any case, unless the same is included with the amount sent to us with the order. All transportation charges are to be borne by the customers, as we figure our prices on the lowest possible cash basis, Free on Board the cars or delivered to the Express Companies or Post Office in Chicago, and we can assume no responsibilities after having so delivered the merchandise, although in case the goods are not properly received and have been miscarried or delayed in shipment, if our customers will advise us regarding the matter, we will use every effort in our power to assist them in locating such packages and aid them in receiving satisfaction from the transportation company.

C. O. D. Shipments—Where examination is allowed on C. O. D. shipments it applies to the entire shipment and not to any one or more individual articles. The Express Agent has no authority to divide shipments without our special permission (in writing) through the General Agent of the Company.

We are always willing to allow examination on C. O. D. shipments wherever the same can be done properly and safely, but shall hold the Express Companies and customers responsible for any damages that may occur by goods being returned improperly packed. **Do not ask us to ship goods C. O. D. unless a deposit of at least one-fourth of the amount accompanies order.**

We make no discount whatever on prices listed in this catalogue, as the same are the lowest possible prices at which the goods can be furnished, directly from the maker to the user, and are extremely low, considering the many advances which are taking place from day to day, in the present market. In ordering dress goods, or any merchandise where you desire to receive the identical shade or color of which you have a sample, kindly enclose to us part of that sample with marks and prices attached, that we may fill the order properly.

Money can be sent either by Post Office Order, Express Order, Cashier's Draft, or by registered letter, small amounts may be sent in postage stamps (one or two cent denominations preferred.)

It is often advisable to make up club orders, from several people in the same neighborhood, and combine the same in one shipment by freight, in that case the cost of transportation is only a trifle when divided among the different parties, as a package weighing 100 pounds will go as cheaply by freight as a small package shipped by Express. Be sure to write name and address plainly, giving us explicitly your Post Office address, including county, and shipping address, if your Express or Freight Office is in a different town from your Post Office address.

In ordering be particular to give all numbers and marks, according to catalogue description, mentioning page, and size and color, where same is necessary. Many orders are delayed in shipment on account of not being properly made out, with size, colors and general description included. By being particular in this matter you not only save us but yourself much delay and annoyance.

We will cheerfully refund money on any goods sent which do not prove exactly as represented.

As we run no open accounts whatever, every transaction being a strictly cash sale, we would request you to remit enough to cover all charges for the package where goods are to be sent by mail and to prepay freight or express where such is desired. If you send us more than sufficient, we will return the balance to you with your letter informing you of the shipment of your goods.

Every letter and order is acknowledged at the earliest possible moment after receipt by us, and if you do not receive such notification promptly, do not wait, but advise us at once.

In writing to us regarding any shipment; or order you may have sent to us, where money was included; be sure to mention our Invoice number, as that will enable us to locate the transaction promptly and advise you at once. Do not return any merchandise to us without first advising us how the same has been shipped, and putting on the outside of the package the Invoice number, under which you received the goods, also, your name and address written plainly. This will save trouble and delay and will enable you to receive much more prompt acknowledgment of the same.

If the total weight of your purchase is less than 2 pounds (32 ounces) please add 1 cent per ounce to the money sent to us with your order and we will prepay all charges.

If the total weight of your purchase is over 2 pounds and less than 10 pounds we will forward by Express. On all packages weighing over 20 pounds, it is much cheaper to send by freight, as the average freight rate is from 25 to 75 cents per 100 pounds, excepting to very far distant points. Ask your freight or express agent in your town regarding the cheapest way to have your goods shipped, as there are no freight rates on packages weighing less than 100 pounds. The charges on 100 pounds will be no more than on packages weighing much less. On shipments over 100 pounds the rates are figured on a pound rate basis, according to the number of pounds above 100. For example: 100 pounds at 50 cents per 100 would cost 50 cents, *that being minimum*, while the charges on 150 pounds at the same rate would only be 75 cents.
